

## REMARKS

Claim 1 has been amended to clearly distinguish the prior art previously of record in this application\*. In particular, independent Claim 1 has been narrowed to specifically require that the non-insulating layer overlie at least part of the light-emissive region rather than, as Claim 1 was previously worded, to require that the non-insulating layer overlie at least part of one or both of the getter and light-emissive regions. Dependent Claim 6 has been revised to conform with the revision of Claim 1.

Dependent Claims 380 and 381 have been added to provide that the non-insulating layer also variously overlies part or all of the getter region. Accordingly, Claims 1 - 3, 6, 7, 10 - 17, 22, 26 - 32, 35 - 40, 84, 97 - 99, 114, 266, 281, 289, 310, 319, and 369 - 381 are now pending.

The application is ready for further examination.

Please telephone Attorney for Applicant(s) at 650-964-9767 if there are any questions.
